

IOWA ATHLETIC PRE-PARTICIPATION PHYSICAL EXAMINATION

ARTICLE VII 36.14(1) PHYSICAL EXAMINATION.

Every year each student (grades 7-12) shall present to the student's superintendent a certificate signed by a licensed physician and surgeon, osteopathic physician and surgeon, osteopath, advanced registered nurse practitioner (ARNP), physician's assistant or qualified doctor of chiropractic, to the effect that the student has been examined and may safely engage in athletic competition. This certificate of physical examination is valid for the purposes of this rule for one (1) calendar year. A grace period, not to exceed thirty (30) days, is allowed for expired certifications of physical examination.

QUESTIONNAIRE FOR ATHLETIC PARTICIPATION (Please type or neatly print this information)

Student's Name _____ Male ___ Female ___ Date of Birth _____ Grade _____

Home Address (Street, City, Zip) _____ School District _____

Parent's/Guardian's Name _____ Date _____ Phone # _____

Family Physician _____ Phone # _____

HEALTH HISTORY (The following questions should be completed by the student-athlete with the assistance of a parent or guardian. A parent or guardian is required to sign on the other side of this form after the examination.)

- | | Yes | No | | | Yes | No | |
|-------|------------|-----------|--|-------|------------|-----------|--|
| 1. | _____ | _____ | Allergies to medication, pollen, stinging insects, food, etc.? | 20. | _____ | _____ | Head injury, concussion, unconsciousness? |
| 2. | _____ | _____ | Any illness lasting more than one (1) week? | 21. | _____ | _____ | Headache, memory loss, or confusion with contact? |
| 3. | _____ | _____ | Asthma or difficulty breathing during exercise? | 22. | _____ | _____ | Numbness, tingling or weakness in arms or legs with contact? |
| 4. | _____ | _____ | Chronic or recurrent illness or injury? | ***** | | | |
| 5. | _____ | _____ | Diabetes? | 23. | _____ | _____ | Severe muscle cramps or illness when exercising in the heat? |
| 6. | _____ | _____ | Epilepsy or other seizures? | ***** | | | |
| 7. | _____ | _____ | Eyeglasses or contacts? | 24. | _____ | _____ | Fracture, stress fracture or dislocated joint(s)? |
| 8. | _____ | _____ | Herpes or MRSA? | 25. | _____ | _____ | Injuries requiring medical treatment? |
| 9. | _____ | _____ | Hospitalizations (Overnight or longer)? | 26. | _____ | _____ | Knee injury or surgery? |
| 10. | _____ | _____ | Marfan Syndrome? | 27. | _____ | _____ | Neck injury? |
| 11. | _____ | _____ | Missing organ (eye, kidney, testicle)? | 28. | _____ | _____ | Orthotics, braces, protective equipment? |
| 12. | _____ | _____ | Mononucleosis or Rheumatic fever? | 29. | _____ | _____ | Other serious joint injury? |
| 13. | _____ | _____ | Seizures or frequent headaches? | 30. | _____ | _____ | Painful bulge or hernia in the groin area? |
| 14. | _____ | _____ | Surgery? | 31. | _____ | _____ | X-rays, MRI, CT scan, physical therapy? |
| ***** | | | | ***** | | | |
| 15. | _____ | _____ | Chest pressure, pain, or tightness with exercise? | 32. | _____ | _____ | Has a doctor ever denied or restricted your participation in sports for any reason? |
| 16. | _____ | _____ | Excessive shortness of breath with exercise? | 33. | _____ | _____ | Do you have any concerns you would like to discuss with your health care provider? |
| 17. | _____ | _____ | Headaches, dizziness or fainting during, or after, exercise? | | | | |
| 18. | _____ | _____ | Heart problems (Racing, skipped beats, murmur, infection, etc.?) | | | | |
| 19. | _____ | _____ | High blood pressure or high cholesterol? | | | | |

- Family History:**
34. _____ Does anyone in your family have Marfan syndrome?
35. _____ Has anyone in your family died of heart problems or any unexpected/unexplained reason before the age of 50?
36. _____ Does anyone in your family have a heart problem, pacemaker or implanted defibrillator?
37. _____ Has anyone in your family had unexplained fainting, seizures, or near drowning?
38. _____ Does anyone in your family have asthma?
39. _____ Do you or someone in your family have sickle cell trait or disease?

Use this space to explain any "YES" answers from above (questions #1-38) or to provide any additional information:

40. Are you allergic to any prescription or over-the-counter medications? If yes, list: _____
41. List all medications you are presently taking (including asthma inhalers & EpiPens) and the condition the medication is for:
 A. _____ B. _____ C. _____
42. Year of last known vaccination: Tdap (Tetanus): _____ Meningitis: _____ Influenza: _____
43. What is the most and least you have weighed in the past year? **Most** _____ **Least** _____
44. Are you happy with your current weight? **Yes** _____ **No** _____ **If no**, how many pounds would you like to lose or gain?
 Lose _____ Gain _____

FOR FEMALES ONLY:

1. How old were you when you had your first menstrual period? _____
2. How many periods have you had in the last 12 months? _____

PHYSICAL EXAMINATION RECORD (To be completed by a licensed medical professional as designated in Article VII 36.14(1).

Athlete's Name _____ Height _____ Weight _____

Pulse _____ Blood Pressure _____ / _____ (Repeat, if abnormal _____ / _____) Vision R 20/ _____ L 20/ _____

PARENT'S OR GUARDIAN'S PERMISSION AND RELEASE

I hereby **verify** the accuracy of the information on the opposite side of this form and **give my consent** for the above named student to engage in approved athletic activities as a representative of his/her school, except those activities indicated above by the licensed professional. I **also give my permission** for the team's physician, certified athletic trainer, or other qualified personnel to give first aid treatment to my son or daughter at an athletic event in case of injury/illness and to share necessary information about the injury/illness with appropriate school personnel.

Name of Parent or Guardian, or student if 18 years of age (Printed) _____ Signature of Parent of Guardian, or student if 18 years of age _____

Address (Street/PO Box, City, State, Zip) _____ Phone Number _____

East Mills Community School District

Activities Code of Conduct Agreement

Participation in school activities is a privilege. School activities provide the benefits of promoting additional interests and abilities in the students during their school years and for their lifetimes.

Students who participate in extracurricular activities serve as ambassadors of the school district throughout the calendar year, whether away from school or at school. Students who wish to have the privilege of participating in extracurricular activities must conduct themselves in accordance with board policy and must refrain from activities, which are illegal, immoral or unhealthy. Student participation in these activities and organizations is considered by the Board to be a privileged honor since the student represents and depicts the character and integrity of the school and the community. For this reason, a high standard of normal and social behavior is expected. *Students who fail to abide by this policy and the administrative regulations supporting it may be subject to disciplinary measures.*

Below are some highlights of the Good Conduct Policy. Please see the student handbook for the complete policy along with penalties for any violations. Should you or your student have any questions regarding how the Good Conduct Policy will be interpreted, we encourage you to contact the activities director or building principal for clarification.

- ❖ Tobacco
 - No student in any athletic program, activity or organization shall use tobacco.
- ❖ Alcohol and Controlled Substances
 - No student in any athletic program, activity or organization shall possess (including attendance at an event where alcohol/drug violations occur), use, or transport any alcoholic beverage or controlled substance.
- ❖ Violations of Law and Probation
 - No student in any athletic program, activity or organization shall commit a criminal violation (other than minor traffic violations).
- ❖ Citizenship
 - No student in any athletic program, activity or organization shall commit repeated violations or serious violation of any written policy, rule or regulation approved by the Board of Education.
- ❖ Academic Eligibility
 - Any student who is failing a class will be placed on *academic alert* for two weeks. If at the end of two weeks, the failing grade has not been brought up to passing, the student will be placed on the *ineligibility list* for two weeks.
- ❖ Additions
 - Additional requirements and regulations may be issued by the coach/sponsor of each individual activity.

Thank you for taking the time to go through the policy and rules with your family. Again, please feel free to contact the school with any questions. Your signatures below represent your understanding and agreement with the conditions imposed upon students participating in extracurricular activities at East Mills Community School.

Wil Comfort
Activities Director

Activity Code of Conduct Agreement

My student has permission to participate in activities at East Mills Community School for the upcoming school year. I have read the activity code of conduct and understand the obligation my student is about to make.

Parent/Guardian Signature

Date

I, the undersigned, have read and fully understand the rules and regulations, which govern me as an athlete representing East Mills Community Schools. I further understand that this is an extra-curricular activity, and that attendance to all practices and games is a requirement of me as a participant. I agree to follow the code of conduct, not only during the season, but for a period of 12 months.

PARENT & ATHLETE CONCUSSION INFORMATION SHEET

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious.

WHAT ARE THE SIGNS AND SYMPTOMS OF CONCUSSION?

Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury.

If an athlete reports one or more symptoms of concussion after a bump, blow, or jolt to the head or body, s/he should be kept out of play the day of the injury. The athlete should only return to play with permission from a health care professional experienced in evaluating for concussion.

DID YOU KNOW?

- Most concussions occur without loss of consciousness.
- Athletes who have, at any point in their lives, had a concussion have an increased risk for another concussion.
- Young children and teens are more likely to get a concussion and take longer to recover than adults.

SYMPTOMS REPORTED BY ATHLETE:

- Headache or “pressure” in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Just not “feeling right” or is “feeling down”

SIGNS OBSERVED BY COACHING STAFF:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior, or personality changes
- Can’t recall events prior to hit or fall
- Can’t recall events after hit or fall

“IT’S BETTER TO MISS ONE GAME THAN THE WHOLE SEASON”

CONCUSSION DANGER SIGNS

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. An athlete should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- A headache that gets worse
- Weakness, numbness, or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people or places
- Becomes increasingly confused, restless, or agitated
- Has unusual behavior
- Loses consciousness (even a brief loss of consciousness should be taken seriously)

WHAT SHOULD YOU DO IF YOU THINK YOUR ATHLETE HAS A CONCUSSION?

1. If you suspect that an athlete has a concussion, remove the athlete from play and seek medical attention. Do not try to judge the severity of the injury yourself. Keep the athlete out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, says s/he is symptom-free and it's OK to return to play.
2. Rest is key to helping an athlete recover from a concussion. Exercising or activities that involve a lot of concentration, such as studying, working on the computer, and playing video games, may cause concussion symptoms to reappear or get worse. After a concussion, returning to sports and school is a gradual process that should be carefully managed and monitored by a health care professional.
3. Remember: Concussions affect people differently. While most athletes with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.

WHY SHOULD AN ATHLETE REPORT THEIR SYMPTOMS?

If an athlete has a concussion, his/her brain needs time to heal. While an athlete's brain is still healing, s/he is much more likely to have another concussion. Repeat concussions can increase the time it takes to recover. In rare cases, repeat concussions in young athletes can result in brain swelling or permanent damage to their brain. They can even be fatal.
